Important information on ordering a Lectern Frontal

Before ordering –
The sloping book rest should have a front projection of at least 5cm. Frontals hang below and tie around the lectern's front projection. Cord locks adjust the height.

Will they fit my lectern?

Frontals come with cord locks that enable you to adjust the hanging height and width for most free-standing lecterns.

If you are unsure whether our frontals will fit your lectern, please contact us and we will advise you.
