## Reception and Office signage

**5 Rigid PVC (Foamex®) panels installed at All Saint's School**

### PROJECT & BRIEF:

The office and reception staff at the school felt like they were working in a 'goldfish bowl' and had taped up pieces of blue paper over the large office windows for some privacy. They gave us their vision statement text and school logo with a rough layout of what they wanted. We designed and supplied 5 Foamex panels that were inset into the windows.

'Through Christ, we all have the right to come to the Father in one Spirit.'

- Rigid 5mm thickness PVC indoor window panels
- Fade-resistant inks
- Custom size to fit

'You belong to God's family'.
